REMARKS

This is a full and timely response to the outstanding non-final Office Action mailed Sep. 21, 2007. Reconsideration and allowance of the application and presently pending claims 1-12 are respectfully requested.

Initially, it is noted with great appreciation that the Office Action considers the subject matter of claims 1-12 as being allowable over the art of record. The Office Action further indicates that claims 1-12 are objected to because of some informalities and the disclosure is also objected to because of some informalities. More particularly, these are missing space between words throughout the whole disclosure.

In response thereto, Applicants have amended to the informalities pointed out in the Office Action, and respectfully submit that objections set forth thereto be withdrawn in view of the amendments.

All pending claims 1-12 are in proper condition for allowance and an action to such effect is earnestly solicited. If the Examiner believes that a telephone conference would expedite the examination of the above-identified patent application, the Examiner is invited to call the undersigned.

Date : *Dec. 21, 2007*

Respectfully submitted,
